PREFACE

Effective January 1, 1983, pursuant to the conditions imposed by the FCC's orders in Docket 20828, any customer premises equipment, as defined by the FCC, offered within this tariff shall be provided by the Cooperative for use with new or existing service only so long as such equipment is available from Cooperative inventory, except as otherwise permitted by the FCC and the Public Service Commission.

The Cooperative shall continue to provide maintenance for Cooperative provided customer premises equipment subject to the availability of replacement parts and equipment.

The use and provision of Cooperative provided customer equipment remains subject to the regulations of filed tariffs.

APPLICATIONS, ESTABLISHMENT AND FURNISHING OF SERVICE

A. APPLICATIONS

The rules and regulations specified herein are in addition to those contained in the Local Exchange Service Tariffs, the General Exchange Service Tariffs and the Message Toll Telephone Service Tariffs. They apply to the intrastate services and facilities furnished by the West Kentucky Rural Telephone Cooperative Corporation, Inc., hereinafter referred to as the "Cooperative". Failure on the part of the subscriber to observe these rules and regulations of the Telephone Cooperative, after due notice of such failure, automatically gives the Telephone Cooperative the privilege to discontinue the furnishing of service.

In the event of a conflict between any rate, rule, regulation or provision contained in these General Rules and Regulations and any rate, rule, regulation or provision contained in the Local Exchange Service Tariffs, the General Exchange Service Tariffs or the Message Toll Service Tariffs, the rate, rule, regulation or provision contained in the specific tariffs shall prevail.

These Tariffs cancel and supersede all other Tariffs of the Telephone Cooperative found and effective prior to the effective dates of these Tariffs.

B. OBLIGATION AND LIABILITY OF TELEPHONE COOPERATIVE

1. Availability of Facilities

The Telephone Cooperative's obligation to furnish exchange and toll service is dependent upon its ability to secure and retain, without unreasonable expense, suitable facilities and rights for the construction and maintenance of the necessary pole lines, circuits and equipment.

2. Interruptions of Service

If service is interrupted for more than 24 hours other than by the negligence or willful act of the subscriber, an allowance at the minimum rate for the telephone facilities and class of service affected at the time of the interruption shall be made for the time such interruption continues, after notice and demand to the Cooperative. No other liability shall in any case attach to the Cooperative on account of interruptions of service.

Issued October 20, 1976 Effective September 20, 1976

Issued under the authority of Kentucky No. 6523

By *[Signature]* P.S.C. Manager Box 649, Mayfield, Ky.

ELECTRIC

B. OBLIGATION AND LIABILITY OF TELEPHONE COOPERATIVE

3. Transmitting Messages

The Telephone Cooperative does not transmit messages but offers the use of its facilities for communications between patrons. If because of transmission difficulties the operator, in order to accommodate the subscriber, repeats messages she is deemed to be acting as the agent of the persons involved and no liability shall attach to the Telephone Cooperative because of any errors made by the operator or misunderstandings that may arise between subscribers because of the errors.

4. Use of Connecting Company Lines

When suitable arrangements can be made, lines of other telephone companies may be used in establishing wire connections to points not reached by this Cooperative's lines. In establishing connections with the lines of other Companies, the Telephone Cooperative is not responsible or liable for any action of the Connecting Company.

5. Defacement of Premises

The Telephone Cooperative shall exercise due care in connection with all work done on subscriber's premises. No liability shall attach to the Telephone Cooperative by reason of any defacement or damage to the subscribers' premises resulting from the existence of the Telephone Cooperative's instruments, apparatus and associated wiring on such premises, or by the installation of removal thereof, unless such defacement or damage is the result of the sole negligence of the Telephone Cooperative.

6. In the adjustment of charges for overbilling by the Telephone Cooperative, a refund will be made of the full amount of excess charges when such amount can be determined; when the period during which overbilling has been effective cannot be fixed or the exact amount of overbilling determined from available records, the maximum refund will not exceed an estimated amount equal to such overbilling for a three-year period.

PURSUANT TO 807 KAR 5011,
USE OF SERVICE AND FACILITIES SECTION 9 (1)

1. Ownership and Use of ~~Equipment~~
OR THE PUBLIC SERVICE COMMISSION

Equipment, instruments and lines furnished by the Telephone Cooperative, on the premises of a subscriber are the property of the Telephone Cooperative, whose agents and employees shall have the right to enter said premises at any reasonable hour for the purpose of installing, inspecting, maintaining or repairing the equipment, instruments, and lines or for the purpose of making collections from coin boxes or upon termination of the service, for the purpose of removing such equipment, instruments and lines. Such equipment, instruments and lines are not to be used for performing any part of the work of transmitting, delivering or collection any message where any toll or consideration has been or is to pay any party other than the Telephone Cooperative, without the written consent of the Telephone Cooperative.

2. Customer-Provided Terminal Equipment and Wiring

Customer-provided terminal equipment and wiring may be used with the facility furnished by the Telephone Cooperative, for exchange and long distance message telecommunications service as specified in the following.

a. Responsibility of the Customer

(1) Where exchange and long distance message telecommunications service is furnished for use in connection with customer provided equipment and wiring, the operating characteristics of such equipment and wiring shall be such as not to interfere with any of the services offered by the Telephone Cooperative.

3. Use of Subscriber Service

a. Except as otherwise provided in this Tariff, telephone equipment and facilities are furnished for the use of the subscriber, or employees, agents or representatives of the subscriber or members of the subscriber's domestic establishment, except as the use of the service may be extended in addition to other service which may be separately ordered to joint users, patrons of hotels, members of clubs, patients of hospitals or to person temporarily subleasing subscriber's residential premises, or to approved Sharing and Resale of Basic Local Exchange Service Subscribers of Customer Provided Public Telephones. b. Except as otherwise provided in this Tariff, service furnished by the Telephone Cooperative is intended only for communications in which the subscriber has a direct interest and shall not be used for any purpose for which a payment or other compensation shall be received by him from any other person, firm or corporation of such use, or in the collection, transmission or delivery of any communication for others. This prohibition shall not apply to a subscriber who is engaged as a communication common carrier in a public telegram message business, or to approved Sharing and Resale of Basic Local Exchange Service Subscribers, or customer provided public telephones.

(1) Such use is subject to the further provisions that the customer provided equipment and wiring does not endanger the safety of Telephone Cooperative employees or the public; damage, require change in or alteration of, the equipment or other facilities or the Telephone Cooperative; interfere with the proper functioning of such equipment or facilities; impair the operations of the telecommunications system or otherwise injure the public in its use of the Telephone Cooperative's services. These provisions are not subject to any "grandfathering".

3. Use of Subscriber Service

Subscriber telephone service, as distinguished from public telephone service, is furnished only for use by the subscriber, his family, employees or business associates, or persons residing in the subscriber's residential premises. The Telephone Cooperative has the right to refuse to install subscriber service or to permit such service to remain on premises of a public character when the instrument is so located that the public is general or patrons of the subscriber may make use of the service. At such locations, however, service may be installed, provided the instrument is so located that it is not accessible for public use.

By Glen B. Sease General Manager, Box 649, Mayfield, KY

USE OF SERVICE AND FACILITIES (CON'T)

3. — USE OF SUBSCRIBER SERVICE

- c. In view of the fact that the subscriber has exclusive control of his communications over the facilities furnished him by the Telephone Cooperative, and of the other uses for which facilities may be furnished him by the Telephone Cooperative, and because of unavoidableness of errors incident to the services and to the use of such facilities of the Telephone Cooperative are subject to the terms, conditions, and limitations herein specified.

4. TAMPERING WITH EQUIPMENT

The Telephone Cooperative may refuse to furnish or may deny telephone service to any person, firm or corporation on whose premises is located any telephone equipment owned by the Telephone Cooperative which shows any evidence of tampering, manipulation, or operation or use of any device whatsoever, for the purpose of obtaining telephone service without payment of the charges applicable to the service rendered.

5. USE OF PROFANE LANGUAGE OR IMPERSONATION OF ANOTHER

The Telephone Cooperative may refuse to furnish or may deny telephone service to any person, firm, or corporation, who over the facilities furnished by the Telephone Cooperative, uses or permits to be used foul, abusive, obscene or profane language; or impersonates or permits others to impersonate any other individual with fraudulent or malicious intent.

6. — HARASSING CALLS

The Telephone Cooperative may disconnect telephone service to any person, firm, or corporation, who, over the facilities furnished by the Telephone Cooperative, makes or permits to be made harassing calls of any type to any other individual with malicious intent.

7. GOVERNMENTAL OBJECTIONS TO SERVICE

PUBLIC SERVICE COMMISSION

The Telephone Cooperative may refuse to furnish ^{OF KENTUCKY} ~~from~~ may discontinue telephone service to any person, firm, or corporation upon objection to the furnishing of such service made by or on behalf of any governmental authority on the grounds that such service is or is ~~not~~ ^{to be used} for an illegal purpose.

PURSUANT TO ORDER OF THE

SECTION 9.01

D. ESTABLISHMENT AND FURNISHING OF SERVICE

1. Application for Service

- a. Application for service must be made on the Telephone cooperative's standard form of application. These applications become contracts when accepted in writing by the Telephone Cooperative, or upon the establishment of service. Applicants are required to pay in advance any applicable installation charges in Part II, page 1 and deposit if required as outlined in Part 1, page 7. The terms and conditions specified in such contracts are subject to these

specified in such contracts are subject to these General Rules and Regulations, the General Exchange Service Tariffs and the Local Exchange Service Tariffs for the particular exchange from which service is to be furnished. Any change in rates, rules, or regulations shall act as a modification of the contract to that extent, without further notice.

- b. Requests from subscribers for additional service, equipment, etc. may be made verbally, if the original contract provides for such additional service and equipment as may be ordered, and no advance payment will be required. A move from one location to another (Outside move) within the same Telephone Cooperative is not considered to terminate the contract and orders for such moves may be made verbally.

2. Telephone numbers

The subscriber has no property right in the telephone number or any right to continuance of service through any particular central office and the Telephone Cooperative may change the telephone number or the central office designation, or both, of a subscriber whenever it deems it advisable in the conduct of its business so to do. (C)

3. Alterations

The subscriber agrees to notify the Cooperative promptly in writing whenever alterations or new construction on premises owned or leased by him will necessitate changes in the Cooperative's wiring or equipment; and the subscriber agrees to pay the Cooperative's current charges for such changes.

4. Payment for Service

The subscriber is required to pay all charges for exchange services and facilities, and for toll messages (including charges for messenger service) in accordance with provisions contained elsewhere in these General Rules and Regulations. The subscriber is held responsible for all charges for telephone service rendered at his telephone, both exchange and toll, including charges for toll messages on which the charges have been reversed.

5. Maintenance and Repairs

All ordinary expense of maintenance and repair, unless otherwise specified in the Telephone Cooperative's tariff, is borne by the Telephone Cooperative. The subscriber agrees to take good care of the instruments and all accessories connected therewith. In case of loss or damage to, or destruction of any of the Cooperative's instruments, or accessories, not due to ordinary wear and tear, the subscriber is held responsible for the cost of replacing the equipment destroyed or for the cost of restoring the equipment to its original condition, except where such damage is not occasioned by

the negligence of the subscriber. Subscribers may not rearrange, disconnect, or remove or permit others to rearrange, disconnect, or remove any apparatus of wiring installed by the Telephone Cooperative, except upon the written consent of the Telephone Cooperative.

6. Unusual Installation Costs

Where special conditions or special requirements of the subscriber involve unusual construction of installation costs, the subscriber may be required to pay a reasonable proportion of such costs.

E. TELEPHONE DIRECTORIES

1. Distribution

The Telephone Cooperative will furnish to its subscribers, without charge, only such directories as it deems necessary for the efficient use of the service. Other directories will be furnished at the discretion of the Cooperative at a reasonable charge.

2. Ownership and Use

Directories regularly furnished to subscribers are the property of the Telephone Cooperative, are loaned to subscribers only as an aid to the use of the telephone service, and are to be returned to the Telephone Cooperative upon request. Subscribers must not deface or mutilate directories. The Telephone Cooperative shall have the right to make a charge for directories issued in replacement of directories destroyed, defaced or mutilated while in possession of the subscriber. No binder, holder or auxiliary cover, except such as may be provided by or with the consent of the Telephone Cooperative, shall be used on or in connection with any directory furnished by the Telephone Cooperative.

F. ESTABLISHMENT AND MAINTENANCE OF CREDIT

1. Establishment of Credit

The Telephone Cooperative is not obligated to furnish service to any individual or firm that owes for telephone service previously

B. Restmonet

Issued February 19, 1981 Effective February 19, 1981

Issued under the authority of Kentucky No.
U.R.C.

By *Wm. R. Seavey*, Manager, P.O. Box 649, Mayfield, Ky.
Name Title Address

rendered at the same or different address, until arrangements have been made to liquidate such previous indebtedness.

2. Deposits for telephone subscribers

The Telephone Cooperative will require new applicants requesting telephone service to pay a deposit if a sufficient credit reference cannot be obtained. The Telephone Company will require a customers who has a proven history of late payments to the Telephone Company to make a deposit prior to or at any time after the provision of a service to the customer has been made. The required deposit will be based on the following requirements:

- a. If a customer has been late 6 out of 12 times during a one-year period or if customer is late over half the times their service has been in effect. Example: The customer has had service for 6 months and they have been late 3 or more times, then a deposit will be charged and/or
- b. The account has been previously disconnected during the past one-year period.

Such deposit will not exceed the actual or estimated rates and charges for the services for a two-month period. The account will be evaluated based on the last 2 months' billing whether a deposit is warranted. If the last 2 month's billings are abnormal, a 12-month average may be obtained to figure the deposit.

The fact that a deposit has been made in no way relieves the customer from complying with the Telephone Company's regulations as to the prompt payment of bills.

Such deposit will be refunded when the customer has established credit or in any event after the customer has established a 10 out of 12 month prompt payment history at any time prior to the termination of the provision of the service to the customer. If at any point in time after this refund, the customer begins to be late with payments, another deposit may be charged under the same rules and regulations.

In addition if the customer's bill begins to become excessive on going and is delinquent, an additional deposit may be charged in order to equal to a two-month billing of the account.

In case of a deposit, for the period the Telephone Company holds the deposit, the customer will receive interest at the rate of 6% interest per KRS 278.460 annually.

All such bills rendered by the Telephone Company are due and payable upon receipt.

Issued October 28, 2002 Effective December 1, 2002

By:  _____, Trevor R. Bonnstetter, General Manager

3. Deposits for long distance carriers

The Telephone Company will only require a customer who has a proven history of late payments to the Telephone Company or does not have established credit, to make a deposit prior to or at any time after the provision of a service to the customer. No such deposit will be required of a customer that is a successor of a company that has established credit and has not history of later payments to the Telephone Company. Such deposit will not exceed the actual or estimated rates and charges for the service for a two-month period. The fact that a deposit has been made in no way relieves the customer from complying with the Telephone company's regulations as to the prompt payment of bills. At such time as the provision of the service to the customer is terminated, the amount of the deposit will be credited to the customer's account and any credit balance that may remain will be refunded. If said customer has an outstanding balance with the Telephone Company, any deposit can and will be applied to the outstanding balance of the customer.

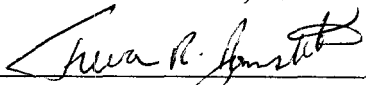

Such a deposit will be refunded or credited to the account when the customer has established credit or in any event, after the customer has established a one-year prompt payment record at any time prior to the termination of the provision of the service to the customer.

The Telephone Company shall bill on a current basis all charges incurred by and credits due to the customer under this tariff attributable to service established or discontinued during the preceding billing period. Such bills are due when rendered. If payment is not received by the payment date, a later payment penalty will apply. Further if no payment is received by the payment date or if a payment or any portion of a payment is received by the Telephone Company after the payment date or if a payment or any portion of a payment is received by the Telephone Company in funds which are not immediately available to the Telephone Company, then a late payment penalty shall be due the Telephone Company. The late factor shall be compounded daily for the number of days from the payment date to and including the date that the customer actually makes the payment at a rate of .000292 per day.

4. Equity not to affect regular collection practices.

The fact that an equity has been collected shall in no way relieve the applicant or subscriber from complying with the Telephone Cooperative's regulations as to advance payments and the prompt payment of bills on presentation; nor constitute a waiver or modification of the practices of the Telephone Cooperative providing for the

Issued October 28, 2002 Effective December 1, 2002

By: , Trevor R. Bonnstetter, General Manager

4. Equity not to affect regular collection practices

discontinuance of service rendered. The cooperative may discontinue service to any subscriber failing to pay current bills without regard to the fact that such subscriber has made a deposit with the Cooperative to secure payment of such bills or has furnished the Cooperative with a guarantee in writing of such bills.

5. Restoral of service charge

Where service has been discontinued for failure to pay monthly bills and toll charges as authorize above, the regular restoral of service charge will be made and collected by the Cooperative before the telephone is reconnected.

6. Dispute of long distance charges on bill

Customers may dispute any long distance charge at any time. Said dispute will prevent customer from being disconnected as long as the customer has informed West Kentucky Rural Telephone Cooperative of the dispute and is working on the disputed amount with the long distance carrier provided the service. If customer takes no action and no payment is made, telephone service is subject to disconnect because of non-payment.

The Telephone Company will work with the customer on the disputed amount as long as action is being pursued. The customer will have 30 days from the monthly bill the call appears on to either pay the amount after investigation or to have the long distance carrier provide an adjustment for the disputed amount whether it is a partial or full adjustment. If only a partial adjustment is provided by the long distance provided, the customer is responsible for the rest of the charges.

In respect to this dispute, the rest of the billed amounts are due and payable by the customer. The only thing left unpaid will be the disputed amount. Late payments in this case will be waived for this dispute period.

Issued October 28, 2002 Effective December 1, 2002

By:  , Trevor R. Bonnstetter, General Manager

Calling Restrictions

M

A customer of the West Kentucky Rural Telephone Cooperative has the right to request in writing calling restrictions (toll restrictions). In other words a form must be signed in order for these type of calling restrictions to be placed on the customer's line.

This toll restriction is a service that enables customers to restrict certain types of calls from being placed over their exchange line trunks as well as from calls being charged to their exchange number. This restriction is available to basic exchange customers with individual line residence and/or business service.

Listed are the types of calling restrictions permitted for the customer.

1. 900-976 number blocking – blocking of the ability to dial any 900-976 telephone number – no charge – no form to be signed.
2. Roll bar blocking – blocking of all long distance calling from specified residence/business number – charge applied – form must be signed.
3. Toll Bar Exception (TBE) 00 blocking of a specific type of calling arrangement. Toll Bar Exceptions are:
 - a. TBE – A – blocking of 3rd number and collect calls
 - b. TBE – B – blocking of 3rd number calls only
 - c. TBE – C – blocking of collect calls only

When other Toll Bar Exceptions become available, these will be listed.

Condition of Call Restrictions

1. The services are furnished only in connection with individual line service. The service is not available in connection with private branch exchange, coin telephone service and some special and some special type of station instrumentation.
2. Call restriction does not provide restriction of non-chargeable calls to company numbers, such as repair service, public emergency service numbers (911) or 1 + 800 calling.
3. The company shall not be liable to any person for damages of nature or kind arising out of or resulting from, or in connection with the provision of this service including without limitation. The inability of station users to access the operator for any purpose of any restricted codes.
4. Subscribing to toll restriction does not relieve customers of responsibility for calls made prior to this written request.

M

Issued October 28, 2002 Effective December 1, 2002

By: , Trevor R. Bonnstetter, General Manager

APPLICATION OF BUSINESS AND RESIDENCE RATES

A. BUSINESS RATES APPLY AT THE FOLLOWING LOCATIONS:

1. In offices, stores, factories, mines and all other places of a strictly business nature.
2. In boarding houses, except as noted under B-2, offices of hotels, halls, and offices of apartment buildings; quarters occupied by clubs or lodges; public, private or parochial schools or colleges, hospitals, libraries, and other similar institutions.
3. At residence locations when the subscriber has no regular business telephone and the use of the service either by himself, members of his household, or his guests, or parties calling him can be considered as more of a business than of a residence nature, which fact might be indicated by advertising either by business cards, newspapers, handbills, billboards, circulars, motion pictures, screens, or other advertising matter, such as on vehicles, etc., or when such business use is not such as commonly arises and passes over to residence telephone during the intervals when, in compliance with the law or established custom, business places are ordinarily closed.
4. At residence locations when an extension station or extension bell is located in a ship, office or other place of business.
5. In college fraternity houses.
6. In any location where the listing of service at that location indicates a business, trade or profession, except as specified under B-3 below.
7. For all subscribers under the Sharing and Resale Tariff, even though residence directory listings may apply for listings provided for sharing and resale clients.

B. RESIDENCE RATES APPLY AT THE FOLLOWING LOCATIONS:

1. In private residence where business listings are not provided.
2. In private apartments of hotels, rooming houses, or boarding houses where service is confined to the subscriber's use, and elsewhere in rooming and boarding houses which are not advertised as a place of business which have less than five rooms for roomers or which furnish less than ten boarders, provided business listings are not furnished.
3. In the place of residence of a clergyman or nurse, and in the place of residence of a physician, surgeon or other medical practitioner, dentist or veterinary, provided the subscriber does not maintain an office in the residence.

CONSTRUCTION, INSTALLATION, & MAINTENANCE CHARGES

A. GENERAL

1. Lines will be extended in accordance with provisions specified in paragraphs D 1, 2, 3 and 4, Line Extensions, of this tariff.
2. Special charges in the form of installation charges, monthly charges, or both, are applied in addition to the usual service connection charges and monthly rates when, because of the sporadic or occasional nature of the service or an unusual investment or expense, as for example:
 - a. The facilities are provided in remote or undeveloped sections outside the Base Rate Area.
 - b. Conditions require the provision of special equipment or unusual methods of plant construction, installation or maintenance.
 - c. The customer's location requires the use of costly private right-of-way.
3. Title to all construction as specified in C below, provided wholly or partly at a customer's expense is vested in the Telephone Cooperative.
4. By "cost" is meant the cost of labor and materials including the usual supervisory expenses.
5. Construction charges will not apply to the customer's aerial drop which extends from the last pole to the building in which the telephone is located.

B. SPECIAL TYPE OF CONSTRUCTION

When underground service connections are desired by customers as initial installations in places where aerial drop wires would ordinarily be used to reach the customers' premises, or when aerial facilities are used to provide service or channels to a customer and subsequently the customer desires that such facilities be placed underground, the following regulations apply:

1. Where cable is laid in conduit, the underground conduit shall be constructed and maintained by or at the expense of the customer and in addition the customer shall pay the cost of the underground cable - including the cost of installing - less the estimated cost to the Telephone Cooperative of installing such aerial facilities as would be (or are) required to furnish the same service. The underground conduit shall be constructed in accordance with plans and specifications furnished by the Telephone Cooperative.

Issued 9/1/67 Effective _____

Issued under the authority of Kentucky No. _____
P.S.C.

By  Manager P. O. Box 649, Mayfield, Ky.
Name Title Address

2. The duct or ducts required in the underground conduit by the Telephone Cooperative to furnish service shall be reserved for its exclusive use.
3. Cable installed in conduit will be maintained and replaced at the expense of the Telephone Cooperative where the conduit has been inspected in place by the Telephone Cooperative and approved.

C. POLES ON PRIVATE PROPERTY

1. Poles on private property to be used as a part of the standard distributing plan serving subscribers in general are furnished, maintained and owned by the Telephone Cooperative, subject to such construction charge as may be applicable.
2. Circuits on poles on private property are furnished, owned and maintained by the Telephone Cooperative.

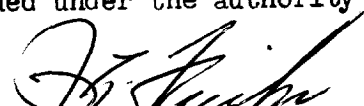

D. LINE EXTENSIONS

1. Facilities Provided Without Construction Charge

Under normal conditions the Telephone Cooperative, without charge, will extend its lines to reach applicants within the exchange service area.

DIRECTORY LISTINGS

A. GENERAL

1. The regulations for directory listings, as provided in this section, apply only to the information records and the alphabetical directory or that section of the directory containing the regular alphabetical list of names of subscribers.
2. The alphabetical list of names of subscribers is designed solely for the purpose of informing calling parties of the telephone numbers of subscribers and those entitled to use subscriber's service. Special arrangement of names is not contemplated, nor any form of listing which does not facilitate directory service or is otherwise objectionable or unnecessary for purposes of identification.
3. Names in directory listings shall be limited to the following:
 - a. In connection with residence service:
 - (1) The individual name of the subscriber, or
 - (2) The individual name of a member of the subscriber's family or a joint user.
 - b. In connection with business service:
 - (1) The individual name of the subscriber or joint user, or
 - (2) The name under which the subscriber or joint user, is actually doing business as evidenced by signs on the premises, by letter-heads, and by name under which a bank account is carried, or
 - (3) The name under which a business is actually being conducted by someone other than the subscriber and which the subscriber or joint user is authorized by such other to use, or
 - (4) The individual names of the officers, partner, or employees of the subscriber, or
 - (5) The names of departments when such listings are deemed necessary from a public reference viewpoint.
4. Primary Listings
 - a. One listing without charge, termed the primary listing, is provided as follows:
 - (1) For each separate subscriber service. When two or more main station lines or P.B.X. trunk lines are consecutively operated, the first number of the group is considered the primary listing.

PART I

1st Revised Page 12

Cancels Original Page 12

PURSUANT TO 807 KAR 5.011,

2) For each joint user. SECTION 9 (1)

B. REGULAR EXTRA LISTINGS
BY Jordan C. Neal
FOR THE PUBLIC SERVICE COMMISSION

1. Business extra listings may be the names of partners or members of the firm, if the subscriber or joint user is a partnership or firm; the names of officers of the corporation, if the subscriber of joint user is a corporation; and for any business establishment, the names of associates or employees of the subscriber of joint user. No other class of listing, such as service, agency, commodity, etc., will be accepted.

2. Residence extra listings may be the names of members of the subscriber's immediate family.

3.

(D)

(D)

(D)

4. Regular extra listings are furnished at the rate quoted in the General Exchange Service Tariffs.

5. Extra listing charges (except for listings of alternate call numbers and office hours) date from the time the listing is posted on the information records. Information records are posted at the time application for the listing is made or at the date of issue of the directory, as the subscriber may desire. Charges for listings of alternate call number and office hours become effective as of the date of issue of the directory.

C. SPECIAL TYPES OF EXTRA LISTINGS

1. Duplicate and Cross Reference Listings

a. Duplicate listings, i.e., listings of nicknames, abbreviated names, names which are commonly spelled in more than one way, and rearrangements of names, are permitted when, in the opinion of the Telephone Cooperative, they are necessary for the proper identification of the subscriber, and are not desired to secure a preferential position in the directory or for advertising purposes.

Issued April 1, 1997

Effective April 15, 1997

Originally Issued September 1, 1967 Effective September 1, 1967

By Glen B. Sears, General Manager, Box 649, Mayfield, KY

C. SPECIAL TYPES OF EXTRA LISTINGS (continued)

2. Foreign Exchange Listings (continued)

b. The regular extra listing rate applies for each Foreign Exchange Listing.

3. Listing of office hours or other information which is not required in order to efficiently handle telephone traffic, is not included in the charges for services. Subscribers who desire that their office hours appear in connection with their listing, may obtain same by paying the rates for regular extra listing. A phrase directing the method of calling when a P.B.X. operator is not on duty may be listed in the directory, at regular extra listing rates whenever night connections are provided.

D. SHARED TENANT SERVICES LISTINGS

1. A client of shared tenant services may request the reseller, on his behalf, to obtain listings as specified in this Tariff. All appropriate charges and regulations for directory listings specified herein are applicable to client listings. Client listing charges will be billed to the reseller (customer of record) and will not be billed separately.
2. A client of a reseller who does not require a directory listing but requires that a telephone number be accessible for E-911 or other similar services, must be listed as a Non-Listed listing. The Non-Listed directory number charge will apply per Part II, section B.7.

EXTENSION STATIONS

1. The monthly rates for extension stations in the Local Exchange Tariffs for each exchange include circuits not exceeding 300 feet in length connecting main and extension stations when both stations are located in the same building or on the same premises. For rates applicable to extension lines extending beyond these limits see the mileage charges section of these General Rules and Regulations.
2. Extension stations are furnished in accordance with such standard wiring plans as may be adopted by the Cooperative.
3. Extension stations are not furnished with Public Telephone Paystations.
4. Separate telephone numbers or other distinctive designations are not assigned to extension stations nor is code-ringing permitted.
5. Extension stations furnished in connection with flat rate service must be located so as to restrict their use to the customer, his representatives or members of his immediate family.
6. Where either the main or extension station is at a business location, business rates apply to both stations. Extension stations in connection with service furnished at a discount may not be installed at locations where the same discount would not apply for a main station and exchange service.
7. Except as otherwise specified in the Local Exchange Tariffs for each exchange, one bell (ordinary type) is furnished, if desired with each extension station. Such bells must be located at extension stations.
8. When station cut-out keys or bell-cut out keys are installed, the wiring is so arranged that at least one bell is cut in on the line at all times.
9. The rates specified in the miscellaneous equipment section of the General Exchange Service Tariff apply for switches, extension bell, or signalling circuits and associated apparatus used in connection with the wiring plan desired.

EXTENSIONS OF SERVICE

West Kentucky Rural Telephone Cooperative shall extend service to applicants within the base rate area where it exists without a construction charge except in cases of special requirements as identified by the utility.

An applicant desiring an extension to a proposed real estate subdivision will be required to pay the entire cost of the extension. At the end of each calendar year for a period of not more than ten (10) years the utility shall refund to the applicant who paid for the extension a sum equivalent to the cost of 750 feet of the extension installed for each additional customer connected during the year. There will be no interest paid on any outstanding balances. Total amount refunded shall be on the cost and shall not exceed the amount paid to the utility. After the refund period ends, no refund shall be required.

EMPLOYEES' TELEPHONE SERVICE

A. GENERAL

1. The Employees' Telephone Service classification is available to employees of the Telephone Cooperative with at least 2 months net credited service in the Cooperative in connection with telephone service at their residence. This classification is not available when the employees reside in a boarding and/or rooming house.
2. The primary listing provided with the service is permitted only in the name of the employee except that the listing of a married woman may be in her or in her husband's name. EXTRA listings for other Telephone employees residing at the same address are permitted but not other listings are provided.

B. RATES

1. There is no charge to the employee for the standard basic residence rate for exchange service.
2. The employee will be required to pay the regular rates for toll messages.
3. Service may be furnished wholly or partially at the expense of the Cooperative at the residence of Employees, when in its judgment, the interests of the Cooperative in rendering continuous and adequate service to the public will be advanced thereby.

MILEAGE CHARGES

A. EXTRA EXCHANGE LINE MILEAGE

1. Urban classes of service will be furnished outside the local Base Rate Area, but within the Exchange Area and within the operational limits of the switchboard, associated equipment and lines at the rates quoted in the Local Exchange Service Tariffs plus Extra Exchange Line Mileage Charges for the additional circuit required as quoted in the General Exchange Tariffs.
2. Mileage charges are computed on airline measurement from the location of the main station to the nearest point of the local Base Rate Area boundary and apply to each circuit and to each party line subscriber separately. In those cases where the local Base Rate Area boundary follows the center line of a street or highway, all dwellings or structures within 150 feet of the center line of the street or highway, shall be considered within the said area and shall be furnished service without the application of extra mileage charges. Extra mileage charges are payable in the same manner as charges for associated service.

B. EXTENSION AND P.B.X. STATION MILEAGE

1. Mileage charges apply to the additional circuit required where Extension Station, or Signals, or P.B.X. Stations are located on premises other than those on which the main station of P.B.X. switchboards are located or where they are beyond 300 feet from the main station or P.B.X. switchboard.
2. The rates for Extension of P.B.X. Station mileage are quoted in the General Exchange Service Tariffs.

PAYMENT FOR SERVICE AND FACILITIES

1. The subscriber shall pay for service and facilities monthly in advance except departments, administrations and agencies of the federal, state, county, township or municipal governments and shall pay for toll messages (including charges for messenger service), teletypewriter exchange service messages, and moves and changes when billed. Failure to receive a bill does not relieve the subscriber of the responsibility for payment in accordance with the provisions set forth herein.
2. All bills for local, toll or miscellaneous services are due when rendered and payable at the office of the Telephone Cooperative 30 days from date of bill.
3. When warranted, in the judgement of the telephone cooperative, special toll bills may be rendered. In such cases the amounts billed are due and payable on demand.
4. In the event of failure by the subscriber or those responsible to pay any regular bill on or before the billing date of the following month, a penalty (see part II, page 3, item 3) will be added to the bill. Upon receipt of following month's bill, a notice is printed on the bill showing the future disconnect date with the amount due. But a disconnection notice will be sent to the customer thus giving the customer separate written notice. This disconnection notice will afford the customer a 10-day period from delinquent billing date which is customer's normal monthly billing date to either pay or make arrangements for payment. If payment is not received then disconnection of telephone service will occur at 4:30 p.m. on the stated disconnection date. The customer in this case will receive 2 notices of the pending disconnection for non-payment. One will appear on the regular monthly bill and the second will be mailed and received within 5 days of their monthly bill.
5. Extensions may be given to a customer for payment of the entire bill in an appropriate amount of time not to exceed 5 days. In the event the telephone service is disconnected, service will not be restored until all amounts due at the day of payment are paid in full including the restoral of service charges and deposit if required.
6. The regular restoral of service charge will be made for reconnecting services that have been discontinued for nonpayment of charges due.

PAYMENT FOR SERVICE AND FACILITIES (con't)

7. In the event the service of a subscriber has been twice denied for nonpayment within the previous 12 months, service may be terminated in lieu of a third denial. Service then may be reestablished at the option of the Cooperative only on the basis of a new application.
8. When telephone service is disconnected for nonpayment, a deposit equal to twice the average monthly bill for the past 12 months will be required if the telephone is not reconnected within 15 days from the date of disconnection. This deposit is in addition to the normal restoral of service charge.

PUBLIC TELEPHONE SERVICE

1. A public telephone is an exchange station installed at the Telephone Cooperative's option, in charge of an attendant, or equipped with a coin collecting device, at a location chosen or accepted by the Cooperative as suitable and necessary for furnishing service to the general public.
2. Persons with whom arrangements are made by the Telephone Cooperative for the installation of Public Telephones are considered as the agents of the Cooperative in serving the public.
3. Public telephones are installed upon the agent signing established forms of application, without specific term, terminable by either an agent or the Telephone Cooperative upon written notice.
4. No listings in the directory are allowed in connection with public telephone service except when the agent guarantees the Cooperative a monthly bill as shown later in tariff.
5. Local messages from Public Telephones are charged for at the rates shown in the General Exchange Service Tariffs and Toll Messages are charged for at the Telephone Cooperative's established rates. No charges are applied to connections with the Telephone Cooperative's toll operator, information clerk, repair clerk, business office or any of its duly authorized officials.

CUSTOMER PROVIDED PUBLIC TELEPHONES

DEFINITION AND REQUIREMENTS

1. This access line service for customer-provided public telephones is an exchange line service provided at the request of a subscriber for telecommunications use by the general public.
2. This access line service is provided on a flat rate basis.
3. This access line service is provided for use with customer-provided noncoin-operated public telephones or customer-provided coin-operated public telephones.
4. Completion of local and IntraLATA Toll Messages are provided by the Telephone Cooperative or authorized WATS resellers.
5. The subscriber shall be responsible for the installation, maintenance and operation of customer-provided public telephones used in connection with this service.
6. Customer-provided public telephones must be connected to the Telephone Cooperative network in compliance with Part 68 of the F.C.C. Rules and Regulations.
7. The service is furnished subject to the condition that all applicable regulations in this Tariff will be adhered to, with the exception of D3 which restricts the use of service and prohibit payment to the customer by another for use of the service.
8. The service is provided for use by the subscriber but may be used by others when so authorized by the subscriber, provided that all such usage is subject to the provisions of this Tariff.
9. This service is not subject to concessions.
10. This service may not be suspended at a reduced rate.
11. Access line service for customer-provided public telephones ~~may~~ be included on accounts containing other classes of service. A separate account is required for this offering at each location.
12. The Telephone Cooperative is not responsible for refunds of coins deposited in customer-provided coin-operated public telephones.
13. Customer-provided public telephones may not be attached to other types of access lines.
14. The subscriber to this service will be responsible for any and all toll charges billed to the subscriber's account.

GENERAL EXCHANGE TARIFF

RULES AND REGULATIONS APPLYING TO ALL SUBSCRIBERS' CONTRACTS

Use of Telephone Cooperative facilities or service in connection with automatic announcement service, automatic answering and recording service, recorder-coupler service or miscellaneous devices for recorded public announcements are subject to the following conditions;

- a. For purposes of identification, subscribers to telephone service who transmit recorded public announcements over facilities provided by the Cooperative must include in the recorded message the name of the organization or individual responsible for the service and the address at which the service is provided.
- b. Subscribers transmitting factual public announcements such as Time, Stock Market quotations, Airline schedules and similar information are excluded from the preceding condition.
- c. Nonpublished telephone service will not be furnished for use with recorded public announcements.
- d. Failure to comply with the provisions of this tariff shall be cause for termination of the service.

CONNECTION WITH SUBSCRIBER-OWNED RECORDING EQUIPMENT

A. REGULATIONS

1. General

Subscriber-owner voice recording equipment for the recording of telephone conversations may be used in connection with the facilities of the Telephone Cooperative subject to the following conditions:

a. Connection with Telephone Company Facilities

1) Connection of customer-owned voice recording equipment with the facilities of the Telephone Cooperative shall be made only through recorder connector equipment which contains a device automatically producing a distinctive record tone that is repeated at intervals of approximately fifteen seconds when the recording equipment is in use, except that in the case of a private line service which has no connection with the exchange or toll system of the Telephone Cooperative recorder connector equipment which does not contain the automatic tone device may be used at the option of the customer.

2) Permanent connection shall be made only through recorder connector equipment furnished, installed and maintained by the Telephone Cooperative.

3) Temporary connection for a period not to exceed thirty days may be made for trial or demonstration purposes through portable recorder connector equipment furnished by a recorder manufacturer or his agent, provided such equipment is obtained from the Telephone Cooperative and is connected with the telephone line through jacks installed on the line by the Telephone Cooperative for that purpose.

4) The customer-owned voice recording equipment shall be so arranged that at the will of the user it can be physically connected to and disconnected from the facilities of the Telephone Cooperative or switched on and off.

b. Responsibility of the Telephone Cooperative

Telephone service furnished by the Telephone Cooperative is not represented as adapted to the recording of telephone conversations by means of voice recording equipment. The use of subscriber-owned voice recording equipment in connection with the facilities of the Telephone Cooperative is permitted only on the condition that the

LINK-UP KENTUCKY

A.GENERAL

1). Link-Up Kentucky is offered in all exchanges to provide subsidized assistance to qualifying applicants. It is intended to preserve and promote subscribership among low income households by providing a credit to the installation and connection charges applicable to the provisioning of residence service. The requirements are identical for both Link-Up and Lifeline Service.

B. REGULATIONS

1). Persons wishing to qualify for the credit must meet state certification criteria for eligibility. "his credit is available only to residence customers, and **will** be applied to the non-recurring charges for the establishment of service for a single telephone line per household at the principal place of residence.

2). The subscriber must not be a dependent for federal income tax purposes, unless the subscriber is more than 60 years of age.

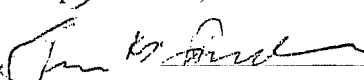

3). The subscriber must meet the requirements of a state established income test.

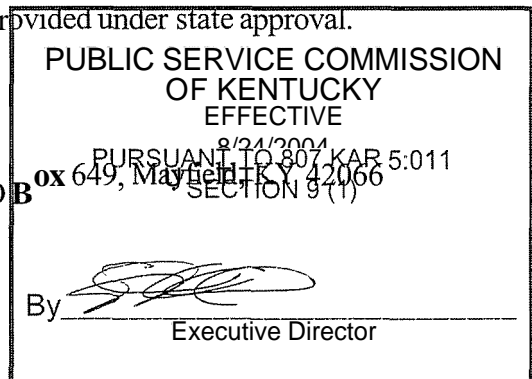

4). Link-Up will be available to persons who are receiving Supplemental Security Income (SSI), Federal Public Housing Assistance, Medicaid, Food Stamps, Low-Income Housing Assistance, Temporary Assistance to Needy Families Program (TANF), and National School Lunch's free lunch program (NSL).

5). Any subscriber who is denied Link-Up certification may file an informal complaint with the Kentucky Public Service Commission **if**, in the subscriber's opinion Link-Up certification should have been granted.

6). Lifeline service support for low income customers **will** become available upon approval of this tariff – no later than January 1, 1998. This reduction **will** be stated in Part II 8th Revised Page 1 B. 1.b of this tariff. This reduction will be a combination of the end user access charge plus an additional federal support provided under state approval.

A. APPLICATION OF TARIFF - CUSTOMER CALLING SERVICE

This tariff applied to custom calling services furnished by the West Kentucky Rural Telephone Cooperative Corporation, Inc.

B. REGULATIONS

1. DEFINITIONS

A. Custom Calling Services are optional service offered in addition to regular exchange service to those subscribers served by central offices so arranged to provide such services. The number of Custom Calling Services features available depends upon the type of exchange central office providing the service and is subject to the availability of facilities.

1) Call Forwarding

An arrangement whereby incoming calls may be transferred to another telephone number by dialing a code and the telephone number of the service to which calls are to be transferred. Calls forward by this feature are subject to all applicable local and long distance charges. These calls are also subject to transmission limitations.

2) Call Waiting

A subscriber who is using an exchange line arranged for Call Waiting is alerted, by means of a tone signal, when another called is trying to reach that line. Depressing the receiver switchhook will "hold" the first call so that the waiting call can be answered. Alternation between calls is accomplished by depressing the receiver switchhook.

3) Call Conference - Three Way Calling

Permits an existing call to be held and a second call to be established and added to the connection for conferencing. Conference calls made with this service are subject to transmission limitations and should include only one toll call.

DEFINITIONS

CALLING RESTRICTIONS

Restrictions placed on a customers telephone service prohibiting their ability to dial either 900-976 calls or any toll calls from their assigned number, or charge 3rd number or collect telephone calls to their assigned number.

CONNECTION COMPANY

A corporation, association, partnership, or individual owning or operating one or more exchanges and with whom traffic is interchanged.

CONTRACT

The term "contract" refers to the service agreement between a subscriber and the Telephone Cooperative under which service and facilities are furnished accordance with the provision of the Tariffs applicable.

CUSTOM CALLING SERVICE FEATURES

Custom Calling Services are optional services offered in addition to regular exchange service to those subscribers served by central offices so arranged to provide such services. The number of Custom Calling Service features available depends upon the type of exchange central office providing the service and is subject to the availability of facilities.

CUSTOMER PROVIDED PUBLIC TELEPHONES (COCOTS)

Access line service for customer-provided public telephones is an exchange line service provided at the request of a subscriber for telecommunication use by the general public.

EXCHANGE

The term "exchange" means a unit established for the administration of telephone service in a specified area which usually embraces a city, town, village and its environs. It consists of a central office, together with associated plant used in furnishing communication service within that area.

EXCHANGE AREA

(M)

The territory service by an exchange.

PUBLIC SERVICE COMMISSION

INDIVIDUAL LINE

An exchange line designed for the connection of only one main station. (Not a private branch exchange trunk line.)

JOINT USER SERVICE

Joint User Service is an arrangement whereby an individual, firm or corporation whose telephone needs are not such as to justify the provision of separate subscriber service is permitted to use the service of a subscriber.

KENTUCKY TELECOMMUNICATIONS RELAY SERVICE

An arrangement which permits hearing or speech impaired Customers who use Telecommunications Device for the Deaf (TDD) or its equivalent, to communicate with hearing person who do not use a TDD. A Company Communications Assistant provides the translation assistance between voice and TDD and vice versa.

LINE CONNECTION CHARGE

Work operation required to provide link between central office and customer premises up to and including protector.

LINK-UP KENTUCKY

Link Up Kentucky provides subsidized assistance to qualifying low income households by providing a credit to the installation and connection charge applicable to the provisioning of residence service.

LOCAL EXCHANGE SERVICE

Local Exchange Service provides for telephone communication within an exchange area in accordance with the provisions of the Telephone Cooperative's Tariff, including the use of exchange facilities as required to establish connection between an exchange station and the toll board or between an exchange station and toll trunks when such trunks are employed to effect connection with the toll board.

LOCAL MESSAGES

A local message is a communication between subscriber's station within the same exchange area.

TELECOMMUNICATIONS RELAY SERVICE/TDD

Telecommunications Relay Service is a new service that will make it possible for deaf, hearing-impaired or speech-impaired persons who use a Telecommunications Device for the Deaf (TDD) to communicate with anyone in the state of Kentucky who does not have a TDD.

Telecommunications Relay Service permits a Company Communications Assistant to complete a call and provide translation assistance between hearing and/or speech impaired customers who use a Telecommunications Device for the Deaf (TDD) and its equivalent, and hearing persons who do not use a TDD. The following conditions apply:

1. Customers originating a call, either by voice or TDD, reach the center via toll free numbers. The center then places a call to the called station as specified by the originating customer. When the two parties are connected, the communications Assistant relays messages between the respective parties in the appropriate voice or TDD format. The completed call is rates and billed as a call from the originating telephone number to the terminating telephone number.

2. Calls may not be place to: (1) 900-9756 numbers; (2) information recordings, e.g. time and weather; or (3) conference calls, calls paid by depositing coins in a public telephone. (T)

3. Dial station rates apply to calls except when additional operator assistance or special billing (e.g. collect, calling card, 3rd number billing) is requested. IN those cases, the applicable class of service rates apply.

The Telecommunications Relay Service will be funded by a monthly surcharge applied to each end user's access line. The surcharge shall be collected by the local exchange company with bills rendered on and after July 1, 1991 and shall be shown as a separate item on the customers billing. All monies collected will be deposited in the Kentucky Telecommunications Relay Service Fund on a monthly basis.

TDD (Telecommunications Devices for the Deaf) will facilitate the use of the telecommunications relay services established pursuant to KRS 278.548 and will facility direct to communications between persons who are deaf, hard-of-hearing, and speech-impaired.

Issued April 1, 1997

CLASS SERVICE FEATURES

A. APPLICATIONS

1. Class Service Features are a family of incoming and outgoing call management services offered in addition to basic telephone service that allow business and residential subscribers to screen, redirect or return selected calls.

B. DEFINITION OF FEATURE OFFERINGS

1. Repeat Dialing

Repeat Dialing allows the customer to automatically redial the last number dialed. If the called line is not busy, the call will be placed. If the called line is busy, a confirmation announcement is heard, the customer hangs up and a queuing process begins. Unless canceled, for the next 30 minutes both the calling and the called lines are checked periodically for availability to complete the call. If during this queuing process the called line becomes idle, the customer is notified, via a distinctive ring, that the network is ready to place the call. When the customer picks up the telephone, the call will automatically be placed.

2. Call Return

This feature enables a customer to automatically return the last incoming call whether it is answered or not. Upon activation voice response message stating the number of the party who called and is given the option of returning the call. If the called line is found to be busy, a 30 minute queuing process begins. The customer is given an indication that the network will attempt to set up the call when the called line is idle. The network periodically tests the busy/idle status of both parties until both lines are found idle, the customer cancels the request, or the queuing process expires. If both lines are found to be idle, the called party is alerted with a distinctive ring signifying that the call may now be completed.

SECTION 9(1)

BY: [Signature]
PUBLIC SERVICE COMMISSION MANAGER

3. Caller I.D.

This feature enables the customer to view on a display unit the Directory Number (DN) on incoming telephone calls.

When Caller I.D. is activated on a customer's line, the Directory Numbers of incoming calls are displayed on the called CPE during the first long silent period of the ringing cycle.

Any customer subscribing to Caller I.D. will be responsible for the provision of a display device which will be located on the customer's premises. The installation repair and technical capability of that equipment to function in conjunction with the feature specified herein will be the responsibility of the customer. The Company assumes no liability and will be held harmless for any incompatibility of this equipment to perform satisfactorily with the network features described herein.

If the incoming call originates from a multi-line group the telephone number transmitted will always be the main number of the hunt group unless the calling number is Telephone Number (TN) identified within the group.

Caller I.D. is not available on operator-handled calls. Also Caller I.D. may not work from coin telephones or telephones associated with PBX systems.

4. Caller I.D. Blocking

a. Caller I.D. Blocking - per call

This feature allows a customer to prevent their telephone number on a per-call basis from being seen by someone with calling I.D. service or from being announced to someone with Call Return or Call Screening service. When the feature is activated before a call, a private status message will be sent instead of the number.

b. Caller I.D. Blocking - per line

This feature enables a customer to make all calls with the delivery of their calling number as "private". The feature is applicable to outgoing calls placed from the customer's line.

Issued June 1, 1994,

Effective July 1, 1994 JUL 1 1994

PUBLIC SERVICE COMMISSION
OF KENTUCKY
EFFECTIVE
SECTION 9(1)
BY: Glen B. Sears
PUBLIC SERVICE COMMISSION MANAGER

4. CALLER I.D. BLOCKING (CON'T)

however, if the preassigned activation code for calling I.D. Blocking-per call is dialed on the line, the calling number may be delivered.

This service is only available upon request to the following entities and their employees-volunteers for lines over which the official business of the agency is conducted including those at the residences of employees-volunteers where the head of the agency certifies to Telephone Company management a need for blocking upon health and safety concerns: (a) Non-profit, tax exempt, private and public social welfare agencies such as domestic violence intervention agencies, (b) federal, state and local law enforcement agencies. Operator services and 9-1-1 service takes precedence over Caller I.D. Blocking Per Call and Per Line service with all calling available regardless of the privacy status. The above mentioned are exempted from charges for this service per FCC ruling.

PUBLIC SERVICE COMMISSION
OF KENTUCKY
EFFECTIVE
C
C

5. Call Trace

DEC 23 1994

This feature enables the customer to initiate an automatic trace of the last incoming call. Upon activation by the customer, the network automatically sends a message to the company's Annoyance Call Bureau BY: Jordan C. Neel indicating the calling number, the time the trace was activated and the time the offending call was received. The customer using this feature would be required to contact their servicing law enforcement agency and have presented to the Telephone Company a District Court order authorizing results of traces initiated by the customer to be released directly to the proper authorities for legal handling. There will be a charge to the customer for each annoyance call report provided. The customer acknowledges their understanding that under no circumstances will trace results be provided directly to the customer. Call Trace may not work from coin telephone or telephones associated with PBX systems.

Issued November 23, 1994 Effective December 23, 1994

BY: Glen B. Sears Glen B. Sears, General Manager

CLASS SERVICE FEATURES (Con't)

B. DEFINITION OF FEATURE OFFERINGS (Con't)

6. Call Name Delivery (CNAM)

This feature allows a subscriber to receive the calling party's name in addition to the date and time of the call during the first silent interval of the power ringing cycle (before the call is ever answered). The calling party name and calling party number may both be delivered if the subscriber is assigned both CNAM and Calling Number Delivery (CND) which is what West Kentucky Rural Telephone customers will receive. This feature will be offered on a subscription basis to both residential and business subscribers.

If a customer wants to add this feature to their service, they will be charged an installation fee to install this feature on their line. If the customer already has CND, the customer will not automatically be switched to receive the name. They will need to apply/request this feature to add CNAM to the CND feature. As well, when the customer disconnects this feature, a disconnection charge will be applied against the account.

7. Calling Identity Delivery on Call Waiting (CIDCW)

Calling Identity Delivery on Call Waiting is a feature which will allow the subscriber to receive information about a calling party on a waiting call. CIDCW is assignable to all single party line, business group line, and multi-line phone.

While the customer is on the telephone and has the call waiting feature, the Calling Identity Delivery will deliver the number to the customers present Caller I.D. box. The customer must have the Caller I.D. feature and box in order for this feature to work.

If a customer wants to add this feature to their service, they will be charged an installation fee to install this feature on their line. As well, when the customer disconnects this feature, a disconnection charge will be applied against the account. (N)

~~SERVICE FEATURES~~ (con't)
FOR THE PUBLIC SERVICE COMMISSION

C. REGULATION AND LIMITATIONS OF SERVICES

1. The services are provided subject to the availability of facilities and technical limitations and limited to the company's central offices specifically equipped to provide such service.
2. Class Service Features are available to single party and multiple-line resident and business customers who have rotary dial or touchtone service.
3. Class Service Features will not be provisioned on company provided public telephone service. (T
4. Operator assisted calls are designed to override the feature calls for emergency purposes.
5. Class Service Features are not available for tie trunks, i.e. business groups that exist in multiple office interconnected by tie trunks.
6. Caller I.D. Blocking Per Call is available upon request, at no charge, as set forth in this tariff.
7. The Company will deliver all numbers, subject to technical limitations. Non-Published telephone numbers are marked in our switches as "private", therefore, no delivery will be made. If a non-published customer wishes to have their number delivered, then a proper request will be accepted from the customer.
8. The Company shall not be liable to any person for damages of any nature or kind arising out of, or resulting from, or in connection with the provision of these services, including without limitations, the delivery or non-delivery of calling numbers.
9. Telephone numbers transmitted via Caller I.D. as described in B.3 previously are intended solely for the use of the Caller I.D. subscriber. Resale of this information is prohibited by this tariff.
10. West Kentucky Rural Telephone will offer for sale to any customer a display device for the Caller I.D. feature at a reasonable given price. We will only be responsible for these

D. RATE APPLICATIONS

a. Installation, disconnection and/or change fees are applicable when any of these services are requested. Fees will be based on the work that is required to connect the customer to any of these services.

b. Installation fees are not applicable when Class Service Features are provided at the same time as the business or residence individual service is established.

c. During selected periods, the Company may use special promotion of the Class Service features. At this time, the installation charges that are always applicable may be waived for a certain period of time. This will only be offered with the Public Service Commission's approval. If other work which would normally require the application of other service charge(s) is requested on the same order, applicable charges will apply.

E. RATE BREAKDOWN PER FEATURE

1. Monthly recurring Charges.

	Residence	Business
a. Repeat Dialing	\$3.00	\$4.00

CLASS SERVICE FEATURES (con't)

E. RATE BREAKDOWN PER FEATURE (con't)

Combination of Features will be available. Below is the discount with any given combination.

Combination of Features will be available for CLASS and Custom Calling Service Features. Custom Calling Service Features are listed in Part II, Page 5, Section CC.

2 Features	\$1.00 Discount off of combined pricing
3 Features	\$1.75 Discount off of combined pricing
4 Features	\$2.50 Discount off of combined pricing
5 Features	\$3.25 Discount off of combined pricing
6 Features	\$4.00 Discount off of combined pricing
7 Features	\$4.75 Discount off of combined pricing
8 Features	\$5.50 Discount off of combined pricing
9 Features	\$6.25 Discount off of combined pricing
10 Features	\$7.00 Discount off of combined pricing

Following Public Service Commission approval on this offering, the Telephone Cooperative will begin application of these discounts on the billing date of the customers who have more than one feature whether it be a CLASS or Custom Calling Service Feature. This should alleviate pro-rating of the bills and any misunderstanding by the customer. This should also eliminate as much confusion as possible for the customer and any possibility of error on the customer's bill.

Distinct*RING

Distinct*Ring is a service which allows two or three Directory Numbers (DNs) to be assigned to the same line. This allows a subscriber to receive calls on up to three (3) separate numbers without installing additional lines. A distinctive ringing pattern is provided for each DN so that the subscriber can identify the incoming calls.

Distinct*Ring is offered in the following format. Distinct*Ring I consists of one additional telephone number associated with a single line. Distinct*Ring II consists of two additional telephone numbers associated with a single line.

A. REGULATIONS AND LIMITATIONS

- 1) This service is available to individual line residence and business customers.
- 2) This service is not compatible with PBX trunk service, paging services, company or customer provided public telephone service, lines equipped with hunting arrangements, foreign exchange service and with access lines terminating in customer premises switching or key equipment. Distinct*Ring may not be compatible with all types of customer provided telephone equipment.
- 3) Distinct*Ring service is provided subject to the availability of facilities.
- 4) Distinct*Ring customers can have any one or all or the telephone numbers listed in the directory.

PUBLIC SERVICE COMMISSION
OF KENTUCKY
EFFECTIVE

5) When establishing Distinct*Ring service, Call Forwarding service subscribers must choose one of the following options. When Call Forwarding service is activated:

- SEP 01 1995
- a. All telephone numbers associated with one line will be forwarded to a single number when Call Forwarding is activated.

A. REGULATIONS AND LIMITATIONS (CON'T)

5. b. The main telephone number only will be forwarded when Call Forwarding service is activated. The additional Distinct*Ring service numbers will continue to ring and may be answered at the subscriber's premises.

Applicable charges will be applied to Call Forwarding Service when activated on both numbers.

- 6) Appropriate nonrecurring charges will apply when changing from one option to the other subsequent to the establishment of Distinct*Ring service.
- 7) Call Waiting Features may be applied to Distinct*Ring Service with charges being applicable on each line.
- 8) Distinct*Ring Service telephone numbers may be non-published with applicable charges being applied.
- 9) Distinct*Ring listing must be either business or residence as identify by the class of service with no access line being counted.
- 10) The applicable rates are those specified in the current price list on file with the PSC and available at all office locations.
- 11) The Company may increase or decrease rates within the specified ranges in this Tariff following 30 days notice to the Commission and notice to active customers.

MOBILE SERVICE PROVIDER INSTALLATION FOR SPECIAL CIRCUITS CHARGES

When mobile service providers request through an ASR process installation of T1 circuits, but not limited to T1, the requesting party will be required to advance a deposit to guarantee the legitimacy of work requested. When work is performed and said customer maintains service with West Kentucky Rural Telephone for a one-year period, then the deposit will be refunded in full with no interest upon customer request.

Deposit for installation of facilities to said location would be billed at the following rates.

Up to 2 miles (10,560 feet) -- \$2,500.00

Over 2 miles (10,561 feet plus) -- \$5,000.00

All monies will be paid up front prior to any work being started. At any point and time the mobile service provider decides to discontinue service after work has begun and is under the one-year period, monies paid will NOT be refunded.

This deposit will be applied to outstanding equipment and installation costs incurred by West Kentucky Rural Telephone should said mobile service provider decide against maintaining the service with cooperative.

DISPUTES OF TELEPHONE CALLS BY ALTERNATE CARRIERS

When a customer disputes a telephone call on their bill the following steps are to be taken to ensure the customer's responsibility and the telephone company's obligation to work with the customer. It is the customer's obligation to report the dispute. If not reported, all charges are due and payable prior to the next billing.

1. A call is considered disputed effective with the billing date when the customer contacts the telephone company. As stated, the dispute reverts to the date of the most recent billing for the customer which reflects the charge.
2. The customer's account will not be accessed a penalty nor will the telephone service be disconnected until the end of the 60 day period has passed unless non-disputed charges are not paid in full.
3. The customer is provided with the appropriate telephone number of the company from which they were billed. This telephone number is printed on top portion of the customer's bill. The telephone company does not intervene on behalf of the customer.
4. The customer has 60 days from the original billing date to resolve the situation or make payment.
5. At the end of this 60 day period, if resolution has not been made, the charge is due and payable by the customer.
6. During this time period, the customer will receive 2 letters from the telephone company.
 - a. The first letter will be mailed upon notification of the customer of the dispute and said letter will show the amount disputed and the final date of resolution.
 - b. The second letter will follow 30 days after the initial billing reminding the customer of the resolution date which will be the next billing.
7. At the end of the 60 day time table, if resolution has not been made, the charge is owed by the customer and must be paid. If payment is not received, the customer will be accessed a penalty and if payment is still not received by the time for disconnection, the telephone service can and will be disconnected.

Example:

- Customer is on the 5th billing cycle.
- July 5, 2006 – Bill generated with charge on it.
- Customer acknowledges unknown call with the telephone company.
- Customer will receive a letter 30 days after initial billing reminding them of the final date for dispute resolution. – This letter will be produced in the August 5, 2006 timeframe.
- If resolution is not made by September 5, 2006, telephone service will be charged a penalty and will be subject to disconnect when the next disconnection for that billing cycle comes around.

Effective date August 1, 2006

By:  , Trevor R. Bonnstetter, General Manager

STUDY SUPPORTING THE SUGGESTED CHARGES

Distinct*Ring will be modeled based on information gathered using our CLASS feature interest as a base. CLASS feature interest by our customers average 3% of all access lines.

14,947 RESIDENTIAL customers as of June 30, 1995

For a one month period, if

2% X 14947 = 299 customers X \$3.00 = 897.00--1 addt'l ring

1% x 14947 = 150 customers x \$5.00 = 745.00--2 addt'l rings

recoup of cost - \$1,642.00 in one month.

1,017 BUSINESS customers as of June 30, 1995

For a one month period, if

1% X 1,017 = 10 customers X \$4.00 = \$40.00--1 addt'l ring

1% x 1,017 = 10 customers X \$7.00 = \$70.00--2 addt'l rings

recoup of cost - \$ 110.00 in one month.

Total recoup of costs using both residential and business

customers for a one month period

* \$1,752.00 *

This figure could increase in % due to plans being spread by word of mouth to friends, knowledge of new feature, etc.

The project based on any type of change of the market should be totally compensated for it's initial costs in an 18 month period.

\$30,850 / 18 months = \$1,713.89 average monthly costs to recoup.

FOR THE PUBLIC SERVICE COMMISSION

RATES AND CHARGES

A. SERVICE CONNECTION CHARGES

The following service charges are based on the cost of work functions required: i.e., service order, line connection, and premise visit. Service charges that involve premise work may involve a charge in addition to the initial non-recurring charge.

	Non-Recurring Charge	
	<u>Business</u>	<u>Residence</u>
1. Station Connection Charge		
a. Servicecall	\$ 18.50 *	\$ 18.50 *
2. Move and Change Charges	\$ 11.00 *	\$ 11.00 *
2. Change Type or Color		
a. Servicecall	\$ 11.00 *	\$ 11.00 *
3. Reconnection Charge	\$ 11.00 *	\$ 11.00 *
a. Charges for the reconnection of telephone service that has been disconnected for non-payment of any amount due.		

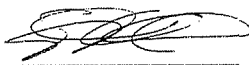

* Plus applicable wiring/handling charged provided by Coop.

B. LINK-UP KENTUCKY

1. **RATES AND CHARGES**
 - a. A Non-recurring credit in the amount of one-half (maximum of \$30.00) of the installation and connection charges will be applied to the subscriber's total non-recurring installation and connection charge.
 - b. A reduction of \$3.50 for lifeline support plus \$9.50 for additional federal support will be provided beginning with the billings following the effective date on January 1, 1999.

B. MILEAGE, CLASS OF SERVICE, RATES

1. Mileage Charges

- a. Station equipment, after 1st 300', each 300' or fraction thereof Monthly Charge
\$.40
- b. Mileage charges per cable mile for foreign exchange service and alarm circuits \$4.25 per mile

Issued March 10, 1997

Effective April 10, 1997

BY: Glen B. Sears, Glen B. Sears, General Manager

B. MILEAGE, CLASS OF SERVICE, RATES (CON'T)

2. Class of service

	Monthly Charge
a. Residence	
(1) One part line access charge without push button service	\$13.06
b. Business	
(1) One part line access charge without push button service	\$19.06
c. COCOT	
(1) Line Access charge	\$21.06
(2) Local call, \$.35 per call	

The customers who do not have push button services maintaining the rotary service will be grandfathered at the above rates until such time as telephone service is permanently disconnected from this residence. Disconnection for non-payment of a bill will not constitute the breaking of this established rate for basic service.

a. Residence	
(3) One part line access charge including push button service	\$14.56
b. Business	
(1) One part line access charge including push button service	\$21.06

These rates are established for customers who already have push button service. This in no ways raises the customer's bill. It incorporates the push button charge into the basic line access charge. This charge will go into effect 30 days following this tariff date. Notice will be sent to all customers making these changes known.

Effective April 10, 1997, any customer who applies for telephone service will automatically be given push button service inclusive with the line access charge. No rotary service will be offered.

3. Penalty Charge

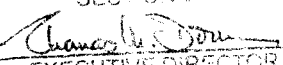

A \$10.00 Penalty will be added if bills are not paid on or before next billing date. (I)

CC. CUSTOM CALLING SERVICE RATES

The following monthly rates and/or non-recurring charges apply to Custom Calling Service features and are in addition to the rates and charges applicable to the associated service, equipment, and facilities.

	<u>Residence</u>	<u>Business</u>
1. Call Forwarding, each line	\$1.50	\$2.25
2. Call Waiting, each line	\$1.50	\$2.25
3. Call Conferencing, (3 way Calling), each line	\$1.50	\$2.25
4. Speed Calling, each line		
a. 8 codes	\$1.50	\$2.25
b. 30 codes **	\$2.00	\$3.00
5. Combination of Services		

Combination of features will be available for CLASS and Custom Calling Service Features. CLASS features are listed in Part I Page 30 Section B. Discounts are listed below.

PUBLIC SERVICE COMMISSION
OF KENTUCKY
EFFECTIVE

JUL 21 1996	2 Features	\$1.00 Discount off of combined pricing
	3 Features	\$1.75 Discount off of combined pricing
	4 Features	\$2.50 Discount off of combined pricing
	5 Features	\$3.25 Discount off of combined pricing
	6 Features	\$4.00 Discount off of combined pricing
PURSUANT TO 807 KAR 5011, SECTION 9 (1)	7 Features	\$4.75 Discount off of combined pricing
BY: <u>Jordan C. Neel</u>	8 Features	\$5.50 Discount off of combined pricing
FOR THE PUBLIC SERVICE COMMISSION	9 Features	\$6.25 Discount off of combined pricing
	10 Features	\$7.00 Discount off of combined pricing

Following Public Service Commission approval of this offering, the Telephone Cooperative will begin application of these discounts on the billing date of the customers who have more than one feature whether it be a CLASS or Custom Calling Service Feature. This should alleviate pro-rating of the bills, any misunderstanding by the customer, and any possibility of error on the customers' bill.

** Not included in the combination of services.

TOLL CONTROL WITH PIN

TOLL CONTROL WITH PIN provides the ability for subscribers to override toll denial on their line on a per call basis. The customer will be able to activate this by dialing a feature access code and special PIN (1-7 digits) prior to the destination number.

With this feature, subscribers are able to control outgoing toll calls and their associated expense. Toll calls attempted without dialing the access code and PIN are denied.

TOLL CONTROL WITH PIN is a suggested tool for cubing toll calling in the residential market as well as in the business market, especially small businesses. Also college dormitories or multi-party housing, when the use of one telephone is required, can benefit greatly from this service.

Subscribers will be able to access long distance service when the access code and pin number have been entered and only then will the long distance call be completed.

West Kentucky Rural Telephone Coop. will not be held liable in the event the PIN number becomes public knowledge. If the PIN becomes knowledge of someone other than the subscriber who purchased the service, the subscriber will still be liable for all long distance calls as dialed, completed, and billed.

The subscriber will be the one who decides what the PIN number will be and can change the PIN number at any time. At no time will West Kentucky Rural Telephone Coop. be responsible for the assigning of PIN numbers.

The monthly recurring charge will be in addition to the local service charges and taxes on their bill.

Installation charges for this feature are applicable. The approved charges that appear in another section in this Tariff will be applied. (Part II, Page 7 Section C)

DIRECT INWARD DIALING SERVICE (DID)

BY: Jordan T. Neel (N)
FOR THE PUBLIC SERVICE COMMISSION

A. RULES AND REGULATIONS

1. DID service permits incoming calls to a PABX (PBX) or other customer premises equipment from the network to reach a specific station line number without the assistance of an attendant. DID service is provided subject to the availability of facilities and may be furnished from the central office which regularly services the area in which the customer is located or from a foreign central office equipped to provide DID service subject to the appropriate Company intralata and inter-exchange rates.
2. Rates are in addition to the rates shown elsewhere in this and other company tariff for the services and equipment with which this offering is associated.
3. The service includes central office switching equipment necessary for in-dialing from the network directly to station lines associated with customer premises switching equipment.
4. The service must be provided on all trunks in a group arranged for Inward service. Each trunk group shall be considered a separate service.
5. Facilities and operational characteristics of interface signals between the Company provided connecting arrangements and the customer-provided switching equipment must conform to the rules and regulations the Company considers necessary to maintain proper standards of service.
6. One primary directory listing will be furnished without charge for each separate trunk group.
7. The customer shall be responsible for providing interception of calls to vacant and non-working assigned DID numbers by means of attendant interceptor recorded announcement service.

Issued May 29, 1996 Effective July 1, 1996

BY: Alan B. Dean General Manager, Box 649 Mayfield, KY

ORIGINAL ISSUANCE DATE MAY 29, 1996

DIRECT INWARD DIALING SERVICE (DID) (con't)

A. RULES and REGULATIONS (con't)

8. DID numbers are provided in blocks consisting of 20 consecutive numbers which may be assigned to station lines or reserved for future use. The Company does not guarantee to provide specific number block. The Company will be responsible for interception and administration of reserved numbers.
9. The minimum commitment period for the service is three (3) years. In case of discontinuance or reduction of service within the minimum commitment period, a basic termination charge equal to 36 months of the rates for service terminated reduced by 1/36th for each full month of service provided shall apply.

B. RATES and CHARGES

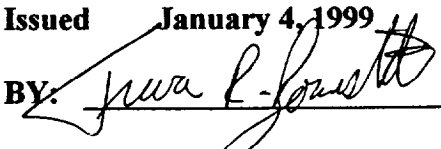

1. Direct Inward Dialing Charges	<u>Installation</u>	<u>Monthly</u>
a. Direct Inward Dialing Trunk Terminations in Central Office	\$ 530.00	\$54.13 <C>

The trunk termination rates and charges are applicable in addition to the rates and charges for the provision of Key/PABX trunks and the associated equipment and services.

SECRETARY OF THE COMMISSION

MESSAGE: TOLL TELEPHONE SERVICE

A. GENERAL REGULATIONS

1. Limited Conversation

The Cooperative reserves the right to limit the length of conversation when necessary in times of emergency resulting in a shortage of facilities.

2. Liability of Telephone Cooperative

- a. In view of the fact that the customer has exclusive control of his communications over the facilities furnished him by the Telephone Cooperative, and of the other used for which facilities may be furnished him by the Telephone Cooperative, and because of unavoidableness of errors incident to the services and to the use of such facilities of the Telephone Cooperative, the services and facilities furnished by the Cooperative are subject to the terms, conditions and limitations herein specified.
- b. The liability of the Telephone Cooperative for damages arising out of mistakes, omissions, interruptions, delays or errors or defects in transmission occurring in the course of furnishing service or other facilities and not caused by the negligence of the customer, shall in no event exceed an amount equivalent to the proportionate charge to the customer for the period of service during which such mistake, omission, interruption, delay, error or defect in transmission occurs. No other liability shall in any case attach to the Telephone Cooperative.
- c. When the lines of other telephone companies are used in establishing connections to points not reached by the Telephone Cooperative's lines, the Telephone Cooperative is not liable for any act or omission of the other company or companies.

3. Obligation of Customer

- a. The calling party (or customer) shall establish his identity in the course of any communication as often as may be necessary.
- b. The calling party (or customer) shall be solely responsible for establishing the identity of the person or persons with whom connection is made at the called station.

4. Cancellation for Cause

Upon nonpayment of any sum due the Telephone Cooperative or upon a violation of any of the conditions governing the furnishing of a service or upon the use of any service for the purpose of performing any service in competition with the service which the Telephone Cooperative or its connecting carriers may now or hereafter furnish, the

Issued 9/1/67 Effective 9-5-67
Issued under the authority of Kentucky No.
By [Signature] P.S.C. Manager, P. O. Box 649, Mayfield, Ky.
Name Title Address

Telephone Cooperative may, by notice in writing to the customer without incurring any liability, forthwith discontinue the furnishing of said service and terminate the contract.

5. Telephotograph Equipment Provided by the Press

- a. Message toll telephone service is available for use by the Press for the transmission and reception of picture and similar material for publication, by means of telephotograph equipment provided by the Press.
 - b. No direct physical connection of the telephotograph equipment shall be made to the facilities of the Telephone Cooperative or its Connecting Companies, except where special equipment is provided by the Telephone Cooperative or a Connecting Company for this purpose.
 - c. The telephotograph equipment shall be of a type approved by the Telephone Cooperative, and its operating characteristics shall be such as not to interfere with any of the services offered by the Telephone Cooperative.
 - d. The Telephone Cooperative assumes no responsibility for the quality of or defects in the material transmitted or received over the message toll connection regardless of cause.
3. The customer indemnifies and saves the Telephone Cooperative harmless against claims for liable, slander or the infringement of copyright arising from the material transmitted over the facilities; against claims for the infringement of patents arising from combining with, or using in connection with, the customer; and against all other claims arising out of any act or omission of the customer in connection with the facilities provided by the Telephone Cooperative.

B. TWO POINT SERVICE

1. Class of Service

Two class of message toll telephone service ~~are offered, namely,~~ station-to-station service and person-to-person service. For each class of service, Day, Evening and Night rates apply as follows:

a. Day rates

(1) Station-to-Station Calls within Kentucky

Day rates apply from 8:00 a.m. to 5:00 ~~p.m.~~ Monday thru Friday.

Issued October 20, 1976 Effective September 20, 1976
Issued under the authority of Kentucky No. 6523
P.S.C.
By J. P. Fink Manager, Box 649, Mayfield, Ky.
Name Title

(2) Person-to-Person Calls

Minimum 3 minute initial period charge is the same for all hours of every day.

b. Evening Rates

(1) Station-to-Station Calls

Evening rates apply from 5:00 p.m. to 11:00 p.m. Sunday thru Friday.

c. Night Rates

(1) Station-to-Station Calls

Night rates apply from 11:00 p.m. to 8:00 a.m. Monday thru Sunday.

Weekend rates apply Saturday 8:00 a.m. to 11:00 p.m.
Sunday 8:00 a.m. to 5:00 p.m.

(3) Operated Assisted Calls

Station-to-Station - Collect - Credit Cards - Coin, All days, all hours, same rate.

2. Station-to-Station Service

Station-to-Station service is that service under which the person originating the call gives only the telephone number of the station or branch exchange system desired or the name and address under which the telephone is listed and does not specify a particular person or branch exchange station to be reached at the called point.

3. Person-to-Person Service

Person-to-Person service is that service under which the person originating the call specifies a particular person to be reached at the called point or a particular station, department, office or branch through a branch exchange.

a. Where the person originating the call wishes arrangements made in advance with a particular party or station for the establishment of a connection at a specified time (appointment call), the call is classified as person-to-person.

b. When it is necessary for the Telephone Cooperative to employ a messenger or other means to bring the called party to a telephone associated with the Telephone Cooperative or its connecting company carriers, the call is classified as person-to-person, in addition to the charges for the message, a charge is made for the exact amount expended, if any, for messenger service.

Issued October 20, 1976 Effective September 20, 1976
Issued under the authority of Kentucky No. 6523
By [Signature] P.S.C.
Name [Signature] Title Manager Address Box 649, Mayfield, Ky.

4. Collection of Charges

Charges (including messenger charges) for all classes of telephone calls are billed against or collected from the calling telephone in all cases, except that upon request, toll charges may be reversed to the called point.

5. Initial and Overtime Periods

a. Timing of Messages

- (1) Length of conversation is the elapsed time between the start and the end of the telephone communication.
- (2) On calls placed on a station-to-station basis, conversation is considered as starting at the time telephone communication is established between the calling station and the called station or private branch exchange switchboard.
- (3) On calls placed on a person-to-person basis, conversation is considered as starting at the time telephone communication is established between the person calling and the particular person called on another party acceptable to the person calling, or the private branch exchange extension station called.
- (4) On all calls, conversation is considered as terminated as the time the disconnect signal is received by the operator handling the call.

C. SPECIAL REVERSED CHARGE SERVICE

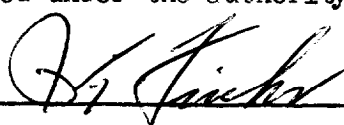

1. General

- a. This service provides an arrangement in connection with message toll service whereby a customer offers patrons the privilege of calling him without the payment of a toll charge and without having to request specific reversal of this charge.
- b. This service is available only to customers having private branch exchange service or individual line service, excepting coin box.
- c. The exchanges in which such service is furnished are selected by the customer subject to the approval of the Telephone Cooperative and the Telephone Cooperative assigns and lists in the directory a special call number designation for the use of patrons in each such exchange.
- d. Calls for the special number are accepted only when originating at telephones located in the exchange with which the special call

SHARED TENANT SERVICE OFFERINGS

A. GENERAL

1. In general, Basic Local Exchange Service is furnished for the exclusive use of the subscriber, and the subscriber's family, guests, employees, agents or representatives. Resale of Basic Local Exchange Service is permitted only under the specific conditions described in this Tariff. For the purpose of this Tariff section, "sharing" of Basic Local Exchange Service is considered synonymous with "resale" of Basic Local Exchange Service.
2. When in the judgment of the Telephone Cooperative it is deemed necessary or when the projected number of clients is five or more, the customer must apply in writing to resell exchange services provided by the Telephone Cooperative and may be required to submit layout maps defining the intended geographic resale area and anticipated development plan in terms of new or existing buildings.

All rates and charges in connection with the resale operation and all repairs and arrangements behind and including the reseller's communication system will be the responsibility of the reseller (customer of record) owner. The reseller will be the single point of contact for all shared tenant services provided in the resale service area. Customers who choose to obtain service directly from the Telephone Cooperative may subscribe to any local exchange service available.

Nothing in this Tariff section impairs the Telephone Cooperative's franchise or ability to operate in the state. This Tariff is not intended, nor does it, enfranchise or certify the recipients of this service as a telecommunications company.

4. Resale is permitted where facilities permit and within the confines of specifically identified continuous property areas under the control of a single owner or within a common development with a single name identity, such as multi-tenant office buildings, apartment complexes, condominium complexes, commercial malls, campus complexes, and office and industrial parks. Public Service Commission of Kentucky provided that the adjacent property segments created by intersecting or transversing thoroughfares would be contiguous in the absence of the thoroughfare. If the designated resale service area is located within the confines of more than one exchange boundary, the serving central office will be determined by the Telephone Cooperative. A resale area may be served by more than one central office.
4. The premises definition as applies to resale of Basic Local Exchange Service is a resale area as defined by layout maps if appropriate.
5. Private lines services may be provided to tenants of resellers under the rules and regulations specified in this Tariff and the Private Line Services Tariff. Resellers may obtain private lines for security purposes such as fire, burglary, etc.
6. Private interconnection of resale service areas within an exchange local calling area and LATA is prohibited. Tie Lines are restricted to the private use of a single resale client and cannot be used to access Local Exchange Service via Sharing and Resale trunks or lines.

ORIGINAL PAGE 22

SPECIAL PROMOTION

The West Kentucky Rural Telephone Cooperative is offering to its customers the option to have touch tone service installed free of charge. This service is being offered to customers during a one month promotion beginning August 1, 1992 and continuing until the close of business on August 31, 1992.

The normal installation of touch tone service requires a service order and a switch function costing \$11.00. This breakdown of costs are incurred in Part II, page 4.

This promotion in no way alleviates the customer of the monthly charge.

MOBILE SERVICE PLAN

1. Mobile Service Plan - Description of the Mobile Service Plan is an optional billing plan for Mobile Carriers. This billing option allows intraLATA long distance calls originated from landline customers served by West Kentucky Rural Telephone Cooperative Corporation, Inc. and terminating the Mobile Carriers network and to be excluded from the originating customer's bill. The Mobile Carrier will pay a usage charge in lieu of the long distance charges which would have been applicable to the landline customer who originated the call.
2. The charges for originating calls under the Mobile Service Plan are on a minute of use basis as specified in Paragraph 6.1 following. The Mobile Service Plan charges apply to all intraLATA West Kentucky Rural Telephone Cooperative Corporation, Inc. landline originated calls to the Mobile Carrier end users with a Calling Plan NXX located within the LATA. Recording for the minute of use charge begins when the telephone company end office receives answer supervision from the Mobile Carrier's Mobile Telephone Serving Office (MTSO). IntraLATA long distance charges will not apply to a Calling Plan NXX.
3. Each Mobile Carrier who subscribes to the Mobile Service Plan must either activate another NXX code or convert one of their existing NXX codes for exclusive use for their mobile service end users. [The NXX code may be located in another local exchange carrier's (LEC) serviced office but that NXX code must be dedicated to Mobile Service Plan - or similar product name, i.e. Bell South refers to this service as Land-to-Mobile Calling Plan.] Only calls to the Mobile Service Plan NXX receive the billing benefits of the Mobile Service Plan. Calls to non-Mobile Service Plan Nxx's will continue to generate intralata long distance charges to the West Kentucky Rural Telephone Cooperative Corporation Inc. end user customers. If the Mobile Carrier wants a

Mobile Calling Plan NXX which will reside in a West Kentucky Rural Telephone Cooperative Corporation, Inc. central office the charge for this dedicated NXX will be determined on an individual case basis. If the Mobile Carrier is simply extending Mobile Service into West Kentucky Rural Telephone Cooperative Corporation Inc. service area then there will be a nonrecurring charge per each exchange calling area to change the routing instructions for these calls. The nonrecurring charge is specified in paragraph 6.2 following.

4. Mobile Service Plan will be arranged for seven digit dialing, where technically feasible.

5. In cases where the Mobile Carrier is interconnected with another LEC and desires Mobile Service Plan within any West Kentucky Rural Telephone Cooperative Corporation, Inc. exchanges, the LEC(s) will be compensated for terminating any Mobile Service Plan calls within their operating territory pursuant to a mutually acceptable terminating access charge plan agreement.

6. Rates and charges for Mobile Service Plan are listed in 6.1 following.

(1) Minutes of use will be measured on a per message basis and each fractional minute will be rounded to the next higher 1/10th minute. All minutes or fractional minutes will be accumulated by mileage band at the end of each billing period and if the total includes a fractional minutes within a mileage band that minute will be rounded to the nearest minute of use and then the sum of the whole minutes will be rated pursuant to the appropriated mileage band rate. The airline mileage measurement is based on the rate center to rate center V & H measurements which is equivalent to the mileage measurement for long distance calls.

ANONYMOUS CALL REJECTION

Anonymous Call Rejection (ACR) is a terminating CLASS feature, which allow subscribers to reject calls from parties who have activated a privacy feature on their telephone. This prevents delivery of the calling number to the called party. ACR subscribers need not be assigned Calling Number Delivery (CND) and/or Calling Name Delivery (CCNAM) for ACR to work on the subscriber's line(s).

When ACR is active on a line, incoming calls are checked to determine whether presentation of the calling party's dialed number is allowed or blocked. If presentation is allowed or unavailable for whatever reason, the call is then completed. If presentation is restricted, the incoming call is routed to the ACR denial announcement and is terminated.

The ACR denial announcement informs the calling party that the person they are trying to reach will not accept their call as long as the calling number is private. In order to complete a call to that person, the calling party must hang-up, take the proper steps to ensure the number is not blocked or that it appears to be public and then attempt to place the call again.

The ACR subscriber receives no alerting for incoming calls that are rejected. Incoming calls are checked for acceptance or rejection by ACR regardless of the state of the ACR subscriber's line whether it is off-hook or idle.

In order to establish ACR on a subscriber's line, the subscriber must activate it by dialing *77 for a touch tone line and 1177 for a rotary line. Deactivation for the feature is *87 for a touch tone line and 1187 for a rotary line.

BASIC AREA CALLING

3. Rates and Charges (con't)

3.1 Description (con't)

Usage Charges

Calls into the Extended Local Calling Scope will incur per minute of use charges. This will not affect calling with the local calling area. Local calls will not incur per minute of use charges. Usage charges will be distance sensitive and time-of-day sensitive, and will be applied to each minute of use.

The per minute of use charge rates will depend on the time in which the call occurs and the location to which the call is terminated. The rates are charged in increments of an initial rate period of one minute and additional minutes. The initial rate period is for connections of one minute or any fraction thereof. Each additional minute is billed on a per minute of use or any fraction thereof that the connection continues beyond the initial rate period. If a call is initiated in one rate period and continues into another rate period, the per minute charges will change accordingly for any minutes occurring in the next rate period.

Distance ¹ (miles)	STANDARD		DISCOUNT	
	1st	additional	1st	additional
0 - 10	.05	.03	.025	.015
11 - 16	.07	.05	.035	.025
17 +	.10	.08	.05	.04

1 Distance is the airline mileage from rate center to rate center V&H measurements which is equivalent to the mileage measurement for long distance calls.

CALLER I.D. BOX OFFER

West Kentucky Rural Telephone is offering a promotion for a one (1) year period to all customers in its serving area starting from October 1, 1998. The offer consists of our customers agreeing to maintain Caller I.D. service preferably Caller I. D. Name and Number Delivery or Caller I.D. Name and Number Delivery on Call Waiting with West Kentucky Rural Telephone for a one (1) year period which in turn allows the customer a Caller I.D. box at no charge.

The value of this box that is being deferred is \$25.00.

The regular monthly charges and applicable installation charges will still apply to the service.

West Kentucky Rural Telephone will provide a bill stuffer to the customers stating the promotion. Further advertisements will be made public in the local newspapers and radio stations and will periodically during the year remind the customers of the continuing promotion.

If a customer moves from the West Kentucky Rural Telephone service area, the customer will have the option to either return the box to us or purchase the box at the fee mentioned above.

If the customer does not pay their billing and ends in a disconnected status, the service representative will charge the customer for the Caller I.D. box. If the customer comes in to pay their disconnected bill, the charge for the Caller I.D. box will be credited to the account. This will not result in the customer having to pay for the box because of how our disconnected lines are worked. The original date of the order will remain the date from which the one year period is based as well as the two year warranty that is provided by the supplier.

If in the event of a remove and move the customer will not be penalized and have to pay for the box. The one-year period will remain in effect from the time the original order was issued. This information will be brought forward to the new telephone number.

If the customer already has the service, they are eligible for a "free" box. There will be a service order made denoting the date the order was placed for the box.
